

Welcomes

Chris Scolese

**Center Deputy Director
Goddard Space Flight Center**

“Leveraging Diversity for Best Performance”

Mr. Scolese is the Center Deputy Director at Goddard Space Flight Center. He previously served as the EOS Program Manager and the Deputy Director of Flight Programs and Projects for Earth Science at Goddard. He has also served at Goddard as the EOS Terra Project Manager responsible for the development of the 5 EOS-AM instruments, the CERES instrument for TRMM, the EOS-AM spacecraft, and the interface with the Earth Science Data and Information System. Mr. Scolese was the EOS Systems Manager for the EOS system architecture project and chaired the EOS Blue Team.

Mr. Scolese served in the U.S. Navy from 1978 to 1983. He graduated from State University of New York at Buffalo with a BS in Electrical Engineering, and from George Washington University with a MS in Electrical Engineering and Computer Science. Mr. Scolese is the recipient of several honors, including the Presidential Rank Award of Meritorious Executive, GSFC Outstanding Leadership, and two NASA Outstanding Leadership Medals.
